

QUALITY ASSURANCE DEPARTMENT

STANDARD OPERATING PROCEDURE			
Department: Quality Assurance SOP No.:			
Title: Vendor Approval of Raw Materials Effective Date:			
Supersedes: Nil Review Date:			
Issue Date:	Page No.:		

1.0 OBJECTIVE:

- 1.1 The objective of this SOP is:
 - 1.1.1. To describe a procedure to assess the vendors who can manufacture and supply materials of consistent quality and quantity and at right time.

2.0 RESPONSIBILITY:

- 2.1 The Head Quality Assurance or Head Technical Operations shall be:
 - 2.1.1. Responsible for auditing the vendor for cGMP Compliance periodically in co-ordination with Head Materials.
 - 2.1.2. Responsible for preparing the vendor audit report and further necessary actions.

3.0 ACCOUNTABILITY

Head – Technical Operations

4.0 PROCEDURE:

4.1 Methodology:

- 4.1.1 All existing Vendors who have already been approved by Mother Plant and Research & Development shall continue as Approved Vendor.
- 4.1.1 Head Materials shall be responsible for initiating the need for New vendors.
- 4.1.2 All the specifications of materials shall be provided to vendor/supplier by the purchase officer of materials department.
- 4.1.3 R & D shall analyse 3 batches of pre-purchase samples as per specification
- 4.1.4 New Vendors shall be assessed for their technical capabilities by Quality Assurance and Head Materials shall negotiate on commercial aspects viz. delivery schedule, packing, price etc.
- 4.1.5 The Head Quality Assurance or Head –Technical Operations and Head Materials shall audit the facility of the concerned vendor and shall record all information given in checklist for ready reference as per Annexure 1.
- 4.1.6 Irrespective of any amount of urgency, receipt of duly filled checklist and its review will be emphasized before placing the trial order for new vendor.
- 4.1.7 The current vendor shall continue to remain approved, on the basis of their past performance, and re-approval which shall be done once in 2 year to continue as approved vendor for API as well as Raw Material.

QUALITY ASSURANCE DEPARTMENT

STANDARD OPERATING PROCEDURE			
Department: Quality Assurance SOP No.:			
Title: Vendor Approval of Raw Materials Effective Date:			
Supersedes: Nil Review Date:			
Issue Date:	Page No.:		

4.2 Assessment of the pre-purchase samples:

- 4.2.1 Based on the agreed specification and technical discussion, the vendor shall arrange to forward pre-purchase samples of 3 independent batches to materials department along with their certificates of analysis.
- 4.2.2 Materials Department shall send the Pre-purchased sample to Research & Development (R & D) along with Certificate of Analysis for complete evaluation.
- 4.2.3 R & D shall analysis the sample as per specification, if any clarification is needed, then contact the vendor for Standard Test procedure or Working Standard etc.
- 4.2.4 Sample performance shall be finally evaluated by Head -R & D, based on the COA. In specific situation, such as suitability through stability evaluation or trial, the approval of vendor shall await, till the same is completed.
- 4.2.5 R & D shall convey the finding to location Quality Assurance Head and Head Technical Operations on the basis of which Quality Assurance shall plan and carry out vendor audit to confirm the compliance level of cGMP.

4.3 Vendor Audit

- 4.3.1 Head Quality Assurance or Head- Technical Operations shall recommend approval of a New Vendor based on their overall technical capabilities and quality management system which shall be assessed by Vendor audit & documented as per the check list as per Annexure 1.
- 4.3.2 Head Technical Operations shall take the decision for approval or rejection of the basis of vendor audit report and data submitted by R & D.
- 4.3.3 If the vendor is approved, the vendor list shall be updated and the Master Copy shall be remained with Quality Assurance, and Certified copy shall be issued to Warehouse, Materials and R & D.
- 4.3.4 During annual product review if any adverse observation was detected due to any of the raw materials then the vendor shall be identified and his approval is canceled. The vendor is then enrolled as Black listed Vendor.
- 4.3.5 Annual Plan for Vendor Audit shall be prepared in advance and inspection shall be done accordingly.
- 4.3.6 Approved vendor shall be re-evaluated for compliance of cGMP with in 2 year of approval or earlier base on the trend of rejections for a particular vendor.

5.0 REASION FOR REVISION

5.1 Harmonization of format.

ANNEXURE -1

CHECKLIST OF QUALITY EVALUATION OF THE VENDOR

NAME OF THE VENDOR	:
LOCATION OF THE PLANT	Γ:
PRODUCTS OFFERED	:

Yes/No

Yes/No

A. ORGANISATION

Plant

ORGANOGRAM

QA Manager/ QC Manager

QA/QC	Yes/No
CONTACTED PERSON DURING VISIT	
Managing Director/ Technical Director	Yes/No
Site in charge/Plant Manager	Yes/No

Production/ Packaging Manager Yes/No

Sales Manager Yes/No

B. <u>FACILITIES</u>

Plant layout Acceptable/Not acceptable

Maintenance of the Premises Acceptable/Not acceptable

General house keeping Acceptable/Not acceptable

Scope for expansion Yes/No

Plant Life 0-5, 5-10, > 10Years

Is the Facility dedicated Yes/No

Is the Manufacturing area is adequately Ventilated Yes/No

QUALITY ASSURANCE DEPARTMENT

STANDARD OPERATING PROCEDURE			
Department: Quality Assurance SOP No.:			
Title: Vendor Approval of Raw Materials Effective Date:			
Supersedes: Nil	Review Date:		
Issue Date:	Page No.:		

ANNEXURE - 1

Is the separate area for sampling of Raw Material Available Yes/No

Is the manufacturing/Packing area provided with adequate

light

Are area available for Sterility (for sterile Preparations)

intermediates and finished products

Are balances and measuring equipment's of the appropriate

range available

Are fixed pipe works labeled to indicate the Contents and

directive for flow

Yes/No

Yes/No

Yes/No

Yes/No

Is pest and rodent Control program is available

Yes/No

Rating

1	1	2	4	_
1		3	4)

(1-Poor, 2-4- Opportunity to Improve, 5- Very good)

C. QUALITY ASSURANCE SYSTEM

Do they have approved specification	Yes/No
Do they have approved STP _s	Yes/No
Do they have approved SOPs	Yes/No
Do they have stability Programs	Yes/No
Do they have formal training programs For Production and QA	Yes/No
Do they have written schedule for training	Yes/No
Do they have written calibration schedule of the analytical instruments	Yes/No
Do they have quality Assurance system for the supplier	Yes/No
Do they have standard sampling plan	Yes/No

QUALITY ASSURANCE DEPARTMENT

STANDARD OPERATING PROCEDURE		
Department: Quality Assurance	SOP No.:	
Title: Vendor Approval of Raw Materials	Effective Date:	
Supersedes: Nil	Review Date:	
Issue Date:	Page No.:	

ANNEXURE - 1

Do they have proper storage facility	Yes/No
Do they have proper system to check inputs	Yes/No
Do they receive material with certificate of analysis	Yes/No
Do they posses adequate testing facility	Yes/No
Do they have competent and adequate staff	Yes/No
Is corrective action taken for defect identification	Yes/No
Does an authorized manufacturing formula exist	Yes/No
Are processing instruction provided in details	Yes/No
Is a batch processing record available for each batch processed	Yes/No
Are dates and times are recorded for various stage of operation	Yes/No
Are critical steps are cross verified	Yes/No

Rating

1	2	2	1	_
1)	4	J

(1-Poor, 2-4- Opportunity to Improve, 5- Very good)

D. MATERIAL CONTROL

Are Released/Rejected/ Under test materials segregated properly	Yes/No
Is rejected material controlled adequately destruction in case of PMS – printed material	Yes/No
Are Material handled properly to prevent damages	Yes/No
Do they have secured, lockable facilities to control narcotic drugs and labels	Yes/No

STANDARD OPERATING PROCEDURE			
Department: Quality Assurance	SOP No.:		
Title: Vendor Approval of Raw Materials	Effective Date:		
Supersedes: Nil	Review Date:

ANNEXURE - 1

Are Material properly segregated to prevent mix-ups Yes/No

Do all the containers have the proper label for product, batch no.

Qty, Mfg, Exp, Date etc.

Yes/No

Yes/No Are receiving procedure adequate

Are adequate facilities available to store the material at their

Yes/No premises

Ware house of Incoming material Adequate/ Inadequate

Ware house of outgoing material Adequate/ Inadequate

Insurance facilities Adequate/ Inadequate

Transport facilities for receiving materials Adequate/ Inadequate

Transport facilities for dispatching materials Adequate/ Inadequate

Rating

1	2	3	4	5

(1-Poor, 2-4- Opportunity to Improve, 5- Very good)

E. MANUFACTURING/ PACKAGING

Are manufacturing process adequate to produce quality components (written/ Approved document)

Yes/No

Are line clearance concept adopted at the time of change over of product to prevent batch mix-ups/ Product mix - ups

Yes/No

Do the personnel in manufacturing have the awareness towards

the quality

Yes/No

Do production personnel follow the working disciplines as per c

GMP requirements (Head gear, Safety goggles, Hand gloves, Nose masks ets.)

Yes/No

Are waste material kept separately in proper container

Yes/No
